

OPPORTUNITY DESCRIPTION

Office of the Registrar
December 2017

Casual Service Contract

KPU is seeking to fill a one-year contract position. We are looking for an individual to help provide technical, functional, and operational expertise in support of a major upgrade to our student information system (Banner by Ellucian) within the Office of the Registrar.

We require a process-driven problem solver who utilizes analytical and technical skills in the field of business systems analysis to support the discovery, design, configuration, implementation and operationalization of database solutions in support of our student information system upgrade.

The terms would be 35 hours per week, based out of KPU's Surrey Campus, with compensation of \$63,000 for the one-year term. We would also consider a part-time option of 20 hours per week (\$35 hourly rate).

If you know of anyone who would be interested in this opportunity, please ask them to send their interest and resume to registrar@kpu.ca
